

Alexander Bagnall Telephone: +44 (0)7544081677 **Email:** alexbagnall2001@yahoo.co.uk

I have a wide range of experience in race cars from road based cars to bike engined prototypes on both slick and road tyres. Experience as a teacher and as a salesman has made me comfortable in customer facing roles. I received my ARDS instructors licence in 2023 from The Motorsports School and began instruction work primarily with [Car Chase Heros](#). I am a native English speaker and fluent in Japanese.

I have worked with market leading brands to develop successful bleeding edge HVAC systems such as Mitsubishi Electrics HVRF system, Usystems (Legrand) ColdLogik rear door coolers for data centres and Oventrop's Regumaq hot water station. I design and build some of my own race cars, and have written suspension and roll centre analysis software and TIG welded my own chassis. I am an experienced design and development engineer.

Car Racing (2010 – present)

- **Formula Enjoy (Single Seater, 2025, Japan)** - Racing at Suzuka, Okayama and Motegi. Currently 4th in standings with 7th, 6th, 5th and 3rd place results (West Racing FE2).
